Cottage worth about UAH 35 million in a cottage community near Kyiv registered to the family

Journalistic investigation · period: ~2022 · made public: 5 Sept 2024

Alleged: ₴35,000,000

Bihus.Info journalists reported that in November 2022, shortly after the events that became the subject of NABU's proceedings regarding the sale of coal, a plot in a cottage community in Lebedivka (Vyshhorod district) was registered to the wife of former Deputy Minister of Energy Maksym Nemchynov; a house of about 260 m² has been built there. According to journalists' estimates, the current price of similar cottages is about UAH 35 million (over USD 800 thousand), while the family's declared savings, according to the investigation, amounted to about USD 250–300 thousand. The declaration shows a loan of UAH 20 million received by a family member on 21 December 2022 from a private individual — a former head of a Regional State Administration. The amount is the estimated value of similar cottages, not the declared price. Nemchynov declined to comment on the sources of funds. No official proceedings regarding these assets have been registered (according to available data).

Sale of coal of SE “Ukrvuhillia” to a private company instead of “Centrenergо”

Indictment in court · period: ~2022 · made public: 26 Jul 2024

Alleged: ₴11,890,000

Pre-trial investigation body: National Anti-Corruption Bureau of Ukraine

Charges: ч.3 ст.27 ч.2 ст.364 KK

Co-defendants according to investigators: Vecherko Volodymyr Mykolaiovych

According to NABU and SAPO, in summer 2022, despite a Cabinet of Ministers instruction to supply coal to state power producers, the beneficial owner of a private company, in collusion with a former Deputy Minister of Energy, induced the director of SE «Ukrvuhillia» to sell the company almost 24 thousand tonnes of coal, which it resold with a markup of almost UAH 20 million; PJSC «Centrenergо» received 12.5 thousand tonnes less and in September–October 2022 overpaid almost UAH 12 million for more expensive coal. NABU does not name the persons; Bihus.Info and the media identify the former Deputy Minister as Maksym Nemchynov. In April 2026 NABU reported that the case had been sent to court; according to LIGA.net, on 7 May 2026 the HACC transferred it to the Shevchenkivskyi District Court of Kyiv, assessing the damage at UAH 11.89 million (this amount is used in the record; NABU says «almost UAH 12 million», Bihus.Info «at least UAH 12 million»). Nemchynov denies the

suspicion and links it to his participation in the competition for the National Energy and Utilities Regulatory Commission (NEURC). There is no verdict.
